

DAY 0: 24 oct 2006

19:00 Icebreaker (Weinschlösschen)

DAY 1: 25 oct 2006

8:00 Registration

Keynotes
Roderich von Detten / Andreas Reinbolz

 9:00 **Konstantin von Teuffel, FVA**
 Welcome

 9:30 **Hubert Röder, Mikko Höynälänmaa, Jakko Pöyry International**
 Practical experiences and concepts of knowledge management in the Forest Industry

 10:00 **Erik Möller, Wikipedia Germany**
 "Blogs, Wikis & P2P" - digital commons of knowledge

10:30 Coffee break

Extension in Europe from North to South (11) Reinhard Lässig	Networking Science (12) Marc Hanewinkel	The Knowledge Vision (13) Konstantin v. Teuffel	Public Communications (14) Michèle Kaennel Dobbertin
--	---	---	--

11:00 Wolfgang Pfefferkorn (46) Future in the Alps - a CIPRA project for knowledge transfer	Harald Vacik, Manfred Lexer (54) A Social Learning Approach with Decision Support Systems	Judd H. Michael (26) Using Social Networks Analysis to enhance Knowledge Management at Forest-based Organizations	Michael Suda, Bernhard Goodwin (36) Struggling with a Ghost: How forestry is fighting the image of its industrial sector
---	---	---	--

11:30 Teppo Hujala, Jouni Pykäläinen (9) Communication needs of non-industrial private forest owners in Southern Finland	tba.	Joanne Frappier (22) An Information Vision for the Canadian Forest Service	Franz X. Bogner (56) Forest education centres: Measuring impacts with regard to cognitive achievement and environmental attitudes
--	------	--	---

12:00 Sandrina Pereira, José G. Borges, Manuel M. Marey (35) Knowledge transfer to Portuguese and Spanish non-industrial private forest land owners (NIPF)	Lorenzo Bonosi (53) EURO.NET.FOR - European Forest Planning Network	Delton Alderman, David Brinberg, Kent Nakamoto, Alfred P. Sloan (18) Relationship building in technology and knowledge exchange: A paradigm for customized technology and knowledge discourse	Andreas Reinbolz, Nadia Stollenwerk, Christoph Mischo, Werner Rieß, Marc Hanewinkel (43) Concept, development and evaluation of a multimedia simulation game on sustainable forest management
--	---	---	---

12:30 Lunch			
-------------	--	--	--

Interactive Extension (21) Cynthia Miner	Planning Research (22) Christian Lackner	Knowledge Services in Management (23) Norbert Kräuchi	Science and Politics (24) Joanne Frappier
--	--	---	---

13:30 Robert E. Bardon, Dennis Hazel, Kevin Miller (19) Preferred Methods for Delivering Educational Information to a Forestry Audience	John A. Stanturf (52) Ethics, Equity, and Electronics: Science Delivery in the Cyber Age	Joachim Hamberger (62) Knowledge Transfer - the bridge between scientists and practitioners	Eeva Hellström, Kai Lintunen (60) Forest Academy - Generating Knowledge in Cross-Sectoral Dialogue
---	--	---	--

14:00 Mark Rickenbach, Mary Sisock, Rebecca Gass, David Kittredge (16) Enter the Principal: the Potential of Interactive Knowledge Systems and Infrastructure to Empower Private Forest Owners	Michèle Kaennel Dobbertin, Michael Nobis (59) Issue identification in forest research: visualizing and tracking trends in publications	Albert J. Simard (24) Knowledge Services and Forestry: A Conceptual Model	Uwe Kies, Thorsten Mrosek, Martin Raubal, Alfred Schultz (55) Innovative knowledge management and decision-making support in forest and wood-based industries: Applying the cluster concept to forestry in Germany
--	--	---	--

14:30 Bryan Jordin, H. Michael Rauscher, John M. Pye, William Hubbard (27) Using a Web-Based Content Management System to Deliver Science to Natural Resource Managers: The Forest Encyclopedia Network	Marc Hanewinkel, Andreas Reinbolz (47) Managing participation in a national forest research agenda – an internet wiki approach	Dirk Längin, Sigfried Lewark, Pierre Ackerman (37) Using information and communications technologies to improve knowledge and skills development of South African forestry contractors	Gerben Janse (8) Information flow between forest research and forest policy-makers: a case-study of the European Forest Institute and its network
---	--	--	---

15:00 Tobias Buser, Reinhard Lässig, Luuk Dorren (49) Knowledge Transfer in the Alpine Space in the Eyes of the Stakeholders	Sandrine Landeau, Guy Landmann, Damien Maurice (15) Ca-SIF: A French catalogue of information sources on forest	Michael von Kutzschenbach (31) Herding Cats: Sharing ideas and knowledge to improve the effectiveness and productivity of professional staff in the forestry wood chain	Silvia Tobias, Olaf Tietje (42) Integrating scientific knowledge in strategic decision making for sustainable regional development
--	---	---	--

15:30 Informarket (50)

16:00 Conference Dinner

19:30

Keynotes			
9:00	Roderich von Detten / Andreas Reinbolz Ulrike Felt, University of Vienna Knowledge: concepts, communication & production		
9:30	Coffee break		
	Understanding & participation (31) Hans-Ulrich Sinner	Delivering Science (32) John Stanturf	Organisational culture (33) Siegfried Lewark
10:00	Robert E. Bardon, Mark Megalos (17) Understanding Working Forest Landowners in North Carolina	Aljoscha Requardt (7) Networking Structures and Data Potentials of International Data Sources according to the pan-European Criteria and Indicators for SFM	Pablo Crespell, Eric Hansen (11) Developing a Creative Organizational Culture
10:30	Bharati Mohanty (68) Knowledge Management (KM) for the Development and Classification of Assets in Forestry Sector of India - A Domain-based Study	Giuseppe Notarangelo (51) Ricercaforestale.it - Internet portal for Italian research and practice in forestry	Roderich von Detten (44) From transportation of knowledge to self-organised communities of experts - Specific conditions & constraints for Knowledge Management in Forestry
11:00	Dietrich Darr, Jürgen Pretzsch (6) Participatory, farmer-to-farmer and other contemporary extension approaches in Eastern Africa – Are there any lessons for forestry extension in Europe?	Andreas Schuck, Tim Green (20) The potential of a European forest information system to contribute to information and knowledge transfer on forests and forestry	Björn Uerpmann (66) The "Social System Theory" after Luhmann and the Management of Knowledge in Forestry Administrations
11:30	Roderich von Detten, Andreas Reinbolz, Marc Hanewinkel (48) From bookshelf to information hub – new approaches for internet based Knowledge Transfer in Central Europe's forestry	Ulrich Schraml (34) Conversations for Shared Understandings - Academic Research in Partnership with Extension Professionals	Jesse Piccin (61) Exploring knowledge exchange hurdles between organizations and the willing participants
12:00	Olaf Tietje, Nora Gasser (65) Strategy Map Forest: Synthesizing Stakeholder Know-how on Regional Forest Management	Michelle Cussenot (70) Knowledge management at the French National Institute for Agricultural Research - a few examples with special emphasis on forest research	Carol Whitlock et. al. (5) Science Delivery at the Southern Research Station
12:30	Lunch		
13:30	Open Space Ulrich Martin Drescher		
16:30	Coffee break		
17:00	Plenary session Roderich von Detten / Andreas Reinbolz		
18:30	Guided tour Freiburg city center
